FIGURE 5.3: Reducing violence through cash transfers – pathways of change.

**Household-level mechanisms**
- Increased labour force participation
- Enhanced bargaining power of women

**Inter-personal mechanisms**
- Reduced domestic conflict
- Improved psycho-social well-being

**Child-level mechanisms**
- Greater participation in school
- Reduced risk of early marriage or transactional sex for girls and boys

---

**Reduced stress**
- Improved relationships and caregiving

**Less aggression**
- against women and children
